A Global History of Architecture / Edition 3 by Francis D ...

One way of answering this question is by looking through the lens of history, beginning with First Societies and extending to the 16th century. This course in architectural history is not intended as a linear narrative, but rather aims to provide a more global view, by focusing on different architectural "moments."

A Global History of Architecture | edX

The history of architecture traces the changes in architecture through various traditions, regions, overarching stylistic trends, and dates. The branches of architecture are civil, sacred, naval, military, and landscape architecture.

History of architecture - Wikipedia

A Global History of Architecture provides a comprehensive tour through the ages, spinning the globe to present the landmark architectural movements that characterized each time period.

A Global History of Architecture | Francis D. K. Ching ...

Patina Lee The history of architecture is about as long as the history of humanity itself, and probably just as complex. The exact origin of architecture could be said to date to the Neolithic period, around 10 000 BC, or simply when people stopped living in caves and started handling the way they want their houses to look and feel like.
