7.1.1 The SOA Basic Installation Type Should be Used Instead of the ESB Standalone Developer Installation Type. The Oracle Application Server SOA Suite Basic Install type should be used for development and pre-production testing. The Oracle Enterprise Service Bus standalone Developers installation type is not a supported option.

1 Optimizing CWA Performance

Optimization and tuning is an exact science which is why it is critical to be able to recognize which parts of the system are being stressed (monitoring) and then knowing what parameters should be adjusted to reduce that stress (tuning). This chapter describes: CWA
