Pathologies Of Power Health Human

Pathologies of Power makes a powerful case that our very humanity is threatened by our collective failure to end these abuses."—Robert S. Lawrence, President of Physicians for Human Rights and Edyth Schoenrich Professor of Preventive Medicine at the Bloomberg School of Public Health, Johns Hopkins University.

Amazon.com: Pathologies of Power: Health, Human Rights ...

Pathologies of Power is a lucid and alarming statement from a fearless physician. It speaks truth to power and it speaks for the destitute sick. Take two aspirin, lie down, and read the book. In spite of its consciousness-raising side effects, this may be the beginning of a cure for what ails the world.

Amazon.com: Pathologies of Power: Health, Human Rights ...

Pathologies of Power uses harrowing stories of life—and death—in extreme situations to interrogate our understanding of human rights. Paul Farmer, a physician and anthropologist with twenty years of experience working in Haiti, Peru, and Russia, argues that promoting the social and economic rights of the world's poor is the most important human rights struggle of our times.

Pathologies of Power: Health, Human Rights and the New War ...

Pathologies of power: rethinking health and human rights. P Farmer. Department of Social Medicine, Harvard Medical School, Boston, Mass. 02115, USA. Author information Copyright and License information . Copyright notice. This article has been cited by other articles in PMC. Abstract. The field of health and human rights has grown quickly, but its boundaries have yet to be traced.

Pathologies of power: rethinking health and human rights.

If the first part of Pathologies of Power relies on eyewitness accounts and author's interviews, the second part is a series of essays on "one physician's perspective on human rights." Is health care a human right? Farmer's answer is yes. He draws inspiration from the ideas of the German pathologist Rudolf Virchow, who noted that "politics is public health in the most profound sense," from proponents of liberation theology, and from left wing French intellectuals such as Pierre ...

Pathologies of Power: Health, Human Rights, and the New ...

The first half of Pathologies of Power is called "Bearing Witness" because it relies on eyewitness accounts and on my own interviews (whether as physician or anthropologist). The second half of the book consists of a series of essays about the analytic perspective that informs my critique of human rights as conventionally defined.
